Limited to first 120 entries!

Two of your bowlers will experience a once in a lifetime trip in addition to winning cash and prizes.

Total value for your $595 fee is more than 1,000!!!**

Entry fee is $595 if purchased prior to December 1, 2013; price will increase to $695 anytime thereafter.

***** Note: Travel expenses are not covered by the entry fee. Proprietors may elect to pay airfare or mileage for finalists and or provide additional funds toward a per diem.***

MISCELLANEOUS BEST PRACTICES

- ***Have an in-house raffle***
  - Sell Raffle tickets to all of your league bowlers and open play bowlers for $5.00 each.
  - Once you receive 119 entries ($595) choose your winner and provide them with the details of the event.

- ***In-League qualifying***
  - Take one full week and have a member of your staff ask each league bowler if they would like to pay $3.00 to enter a pins over average contest for the evening.
  - For each league that participates, take the top 5 individuals in each league that were pins over their average and have them return for a FINALS competition over the weekend.
  - The winner of your FINALS competition would win the trip to Las Vegas.

- ***Run a qualifier***
  - Schedule a qualifier utilizing the National Finals format (odd pin, even pin, target score, low ball); this format evens out the playing field where no specific bowler has an advantage.
  - Charge your bowlers $X amount to participate in the qualifier; make sure you have enough players to cover your cost.
  - Highest finisher wins the trip and selects their partner to attend.

- ***Obtain a local Sponsorship***
  - Bill Duff with the Illinois State BPA has involved the Illinois State lottery to partake in this event which ultimately will help offset costs for centers that buy into the program.
  - Search your area and even ask around for multiple smaller sponsorships to cover the $595 entry fee.
  - Reward sponsors with some sort of advertising in your center.

NATIONAL FINALS FORMAT

This page includes the 4 games that will be used at the NATIONAL FINALS. It is not mandatory that you use these games – this is simply for your reference. You may use whatever type of qualifying you so choose.

Game 1 – Odd Pin

- Single ball scores of 1, 3, 5, 7 or 9 will count. **Each bowler will receive a ten (10) pin bonus at the start of the game making a perfect game equal to 100. A strike will result in zero (0) points. *Only one ball per player per frame – no spares are thrown.*

Game 2 – Even Pin

- Single ball scores of 2, 4, 6, or 8 will count. **Each bowler will receive a twenty (20) pin bonus to be given to make a perfect game of 100. A strike will result in zero (0) points. *Only one ball per player per frame – no spares are thrown.*

Game 3 – Headless Horseman or Guillotine

- The object of the game is to strike – but that's difficult to do when you have "lost your head". Single ball scores when shooting at a rack of pins that does not have the "head" pin for 10 frames. **Only one ball per player per frame – no spares are thrown, making a perfect game equal to 100.*

Game 4 – Krazy Keno or Bowling Yahtzee

- Fill your Keno card by trying to knock down only 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10 pins within a 10 frame game. Like Keno numbers being drawn randomly, the bowler can score frames in any order. For each frame "completed" the bowler will receive 10 pins for that frame. **Only one ball per player per frame – no spares are thrown, making a perfect game equal to 100.*

A perfect score for each game is 100 and a perfect series is 400.
